 Graduate School Program

 These two departments operate a dual degree program, so dual degree students are given priority. We have only 4-5 open seats for these courses, and exchange students assigned to the ITM and MSDE departments have enrollment priority over other exchange students. However, due to limited seating, we cannot guarantee these courses even for ITM and MSDE exchange students. If you wish to select these courses, please ensure you add substitute courses to your wishlist.

 Courses offered by the Office of International Affairs and the College of Liberal Arts have no enrollment limits, so feel free to register for as many as you'd like.
